I have wonderful memories of Jolenta from her days at BBH. She was so professional, caring, delightful, and fun. The donors loved having her work with them and the staff loved having her on their team. She made a truly positive difference in our work and in the lives of many patients. Jolenta I will miss you so much. When you lived with us on the mainland we became very close like brothers and sisters. You where always their for me in my time of need to help me cope with my challenges after my wifes death. You truly are a guardian angel and I so appreciate all of the conversations we shared. Last year visiting you and spending that time with you and Audrey was a special time in my life seeing how everyone at LIFECARE CENTER respected,honored your presence,as you left a trail of love everywhere you went you touched so many people in a special way.You will never be forgotten as I believe your watching me now. I refered to you as my God Sister because my mother was your God Mother and we got a kick out of that. I am looking forward to being at your ceremony on the 2 of June with a very heavy heart. Its not easy writing this but I Love you so much knowing your are free and in Gods Kingdom where you belong,someday we will all be together again . Love you God Sister so much your loving cousin Greg God Bless you and may peace be with you always
