“ There are so many memories I have of Alice, but one for sure will always fill my . She would always bring me Gardenias from her yard whenever they were in bloom. Not just a few, but a whole bunch where I could put them all over the store. I even started to grow some from the stems. I will truly miss her hard embrace and our conversations. I am so saddened by her passing, but I know she is with her sister and the rest of her family.

A couple of weeks ago, I thought of you and told myself that I should give you a call, regrettably that didn't happen. I would like to think that was your way to say goodbye. Thank you for being a great friend and a wonderful person. Rest in love my dear Alice.

Love and Aloha,  
Xandra

“ I consider myself lucky to have the pleasure of working with Alice in both Uncle Billy's and at C.W. Maintenance. Extremely grateful that we got to share a memorable evening at the Lava Lounge just last year. My heart is heavy with the loss of this lovely, caring lady. Deepest condolences and much sympathy to her husband, family and ohana. Her cheerful smile and sparkling eyes will be forever imprinted in my memory.
